

IMPORTANT SAFETY INFORMATION

The
BarbeSkew

THE HANDS-FREE BARBECUE THAT COOKS FOOD TO PERFECTION

FOR YOUR SAFETY

IF YOU SMELL GAS:

- Turn off the gas supply at the cylinder.
- Extinguish all naked flames; do not operate any electrical products.
- Ventilate the area.
- If odour persists, contact your Dealer or Gas Supplier immediately.

IMPORTANT INFORMATION:

PLEASE READ AND UNDERSTAND THE INSTRUCTIONS BEFORE ASSEMBLY AND USE

- Retain these instructions for future reference.
- For domestic outdoor use only - do not use indoors.
- For use only with low pressure LPG - only use with the gas regulator supplied by BarbeSkew or by your dealer.
- Always turn off the gas cylinder when the BarbeSkew is not in use.
- Do not move the BarbeSkew while it is alight.
- Modification of the BarbeSkew may be dangerous and is not permitted.
- Use only on firm level ground.
- Do not use within 600 mm of any flammable structure or under a flammable ceiling or cover.
- Do not store flammable materials near the BarbeSkew.
- Do not use aerosols near the BarbeSkew.
- Parts of this BarbeSkew become very hot - care must be taken when operating in the presence of children, infirm people or animals.
- If you smell gas, turn off the gas supply immediately.
- Failure to follow the instructions in these safety instructions could result in serious injury and/or property damage.
- If you have queries regarding these instructions, contact BarbeSkew direct or your retailer from where you purchased your BarbeSkew.
